

DUTCH AMERICAN FOODS, INC.™

Market
Industrial

Location
Beecher, Illinois

Project Type
Solar System

Our Customer

Dutch American Foods is a family owned food service company. Their innovative mindset led them to get a 920kw roof mount system installed by Midwest Wind and Solar. Under the Illinois regulations this project was eligible for the SREC program which has paid them in addition to the savings they have enjoyed with this project.

System Details

- ✓ 920 kW
- ✓ Producing 32% of Site Needs
- ✓ 2,929 Panels
- ✓ Ballasted Roof mount system
- ✓ SREC payments are ongoing
